EX PARTE APPLICATION FOR LEAVE  
TO TAKE IMMEDIATE DISCOVERY

UMG RECORDINGS, INC., a Delaware  
corporation; SONY BMG MUSIC  
ENTERTAINMENT, a Delaware general  
partnership; ELEKTRA ENTERTAINMENT  
GROUP INC., a Delaware corporation; and  
INTERSCOPE RECORDS, a California general  
partnership,

Plaintiffs,

v.

JOHN DOE,

Defendant.

ORIGINAL

EX PARTE APPLICATION FOR LEAVE TO TAKE IMMEDIATE DISCOVERY

Case No. \_\_\_\_\_

#36340 v1

1 Plaintiffs, through their undersigned counsel, pursuant to Federal Rules of Civil Procedure 26  
2 and 45, the Declaration of Carlos Linares, and the authorities cited in the supporting Memorandum  
3 of Law, hereby apply *ex parte* for an Order permitting Plaintiffs to take immediate discovery.

4 In support thereof, Plaintiffs represent as follows:

5 Plaintiffs, record companies who own the copyrights in the most popular sound recordings in  
6 the United States, seek leave of the Court to serve limited, immediate discovery on a third party  
7 Internet Service Provider ("ISP") to determine the true identity of Defendant, who is being sued for  
8 direct copyright infringement.<sup>1</sup>

9 As alleged in the complaint, Defendant, without authorization, used an online media  
10 distribution system to download Plaintiffs' copyrighted works and/or distribute copyrighted works to  
11 the public. Although Plaintiffs do not know the true name of Defendant, Plaintiffs have identified  
12 Defendant by a unique Internet Protocol ("IP") address assigned to Defendant on the date and time  
13 of Defendant's infringing activity.

14 Plaintiffs intend to serve a Rule 45 subpoena on the ISP seeking documents that identify  
15 Defendant's true name, current (and permanent) address and telephone number, e-mail address, and  
16 Media Access Control ("MAC") address. Without this information, Plaintiffs cannot identify  
17 Defendant or pursue their lawsuit to protect their copyrighted works from repeated infringement.

18 Good cause exists to allow Plaintiffs to conduct this limited discovery in advance of a Rule  
19 26(f) conference where there are no known defendants with whom to confer.

20  
21  
22  
23  
24  
25  
26 <sup>1</sup> Because Plaintiffs do not yet know Defendant's true identity, Plaintiffs are unable to  
27 personally serve Defendant with a copy of this motion. Instead, Plaintiffs will serve the Clerk of  
28 Court pursuant to Fed. R. Civ. P. 5(b)(2)(D) ("A paper is served under this rule by . . . leaving it with  
the court clerk if the person has no known address.") and will serve Defendant's ISP with a copy of  
this motion. Additionally, if the Court grants this motion, Plaintiffs will ask the ISP to notify the  
Defendants of the subpoena and provide Defendant with an opportunity to object.

1 WHEREFORE, Plaintiffs apply *ex parte* for an Order permitting Plaintiffs to conduct the  
2 foregoing requested discovery immediately.

DISCOVERY

Case No. \_\_\_\_\_  
#36346 v1

ORIGINAL

1 **I. INTRODUCTION**

2 Plaintiffs, record companies who own the copyrights in the most popular sound recordings in  
3 the United States, seek leave of the Court to serve limited, immediate discovery on a third party  
4 Internet Service Provider ("ISP") to determine the true identity of Defendant, who is being sued for  
5 direct copyright infringement. Without such discovery, Plaintiffs cannot identify Defendant, and  
6 thus cannot pursue their lawsuit to protect their copyrighted works from repetitive, rampant  
7 infringement.<sup>1</sup>

8 As alleged in the complaint, Defendant, without authorization, used an online media  
9 distribution system (*e.g.*, a peer-to-peer or "P2P" system) to download Plaintiffs' copyrighted works  
10 and/or distribute copyrighted works to the public. See Declaration of Carlos Linares ("Linares  
11 Decl."), ¶ 18 (filed simultaneously herewith). Although Plaintiffs do not know the true name of  
12 Defendant,<sup>2</sup> Plaintiffs have identified Defendant by a unique Internet Protocol ("IP") address  
13 assigned to Defendant on the date and at the time of Defendant's infringing activity. Id.  
14 Additionally, Plaintiffs have gathered evidence of the infringing activities. Id. ¶¶ 14-15, 19.  
15 Plaintiffs have downloaded a sample of several of the sound recordings Defendant illegally  
16 distributed and have evidence of every file (numbering in the hundreds) that Defendant illegally  
17 distributed to the public. Id.

18 Plaintiffs have identified the ISP that provided Internet access to Defendant by using a  
19 publicly available database to trace the IP address for Defendant. Id. ¶¶ 12, 18. Here, the ISP is  
20 California State University, Monterey Bay ("Cal. State - Monterey"). Id. When given a Defendant's  
21 IP address and the date and time of infringement, an ISP quickly and easily can identify the name  
22 and address of a Doe Defendant (*i.e.*, the ISP's subscriber) because that information is contained in  
23

24  
25 <sup>1</sup> Because Plaintiffs do not currently know the identity of the Defendant, Plaintiffs cannot  
26 ascertain the Defendant's position on this *Ex Parte* Application.

27 <sup>2</sup> When using a P2P system (*e.g.*, Ares, eDonkey, Gnutella, BitTorrent, or DirectConnect), a  
28 Defendant typically uses monikers, or user names, and not his true name. Linares Decl., ¶ 10.  
Plaintiffs have no ability to determine a Defendant's true name other than by seeking the information  
from the ISP. Id. ¶¶ 10, 16.

1 the ISP's subscriber activity log files. Id. ¶ 16.<sup>3</sup> Plaintiffs' experience is that ISPs typically keep log  
 2 files of subscriber activities for only limited periods of time – which can range from as short as a few  
 3 days, to a few months – before erasing the data. Id. ¶ 24. Plaintiffs alert the ISP to the existence of  
 4 the copyright claims shortly after identifying the infringing activity and ask the ISP to maintain the  
 5 log files.

6 Plaintiffs now seek leave of the Court to serve limited, immediate discovery on Cal. State -  
 7 Monterey to identify the Defendant. Plaintiffs intend to serve a Rule 45 subpoena on Cal. State -  
 8 Monterey seeking documents, including electronically-stored information, sufficient to identify the  
 9 Defendant's true name, current (and permanent) addresses and telephone numbers, e-mail addresses,  
 10 and Media Access Control ("MAC") addresses. If Cal. State - Monterey cannot link the IP address  
 11 listed in the subpoena to a specific individual, Plaintiffs seek all documents and electronically-stored  
 12 information relating to the assignment of that IP address at the date and time the IP address was used  
 13 to infringe Plaintiffs' copyrighted sound recordings. Once Plaintiffs learn the Defendant's  
 14 identifying information, Plaintiffs will attempt to contact Defendant and attempt to resolve the  
 15 dispute. If the dispute is not resolved and it is determined that it would be more appropriate to  
 16 litigate the copyright infringement claims in another jurisdiction, Plaintiffs will dismiss the present  
 17 lawsuit against Defendant and re-file in the appropriate jurisdiction. Without the ability to obtain the  
 18 Defendant's identifying information, however, Plaintiffs may never be able to pursue their lawsuit to  
 19 protect their copyrighted works from repeated infringement. Id. ¶ 24. Moreover, the infringement  
 20 may be ongoing such that immediate relief is necessary. Thus, the need for the limited, immediate  
 21 discovery sought in this *Ex Parte* Application is critical.

22  
 23  
 24  
 25  
 26 <sup>3</sup> ISPs own or are assigned certain blocks or ranges of IP addresses. A subscriber gains  
 27 access to the Internet through an ISP after setting up an account with the ISP. An ISP then assigns a  
 28 particular IP address in its block or range to the subscriber when that subscriber goes "online." After  
 reviewing the subscriber activity logs (which contain the assigned IP addresses), an ISP can identify  
 its subscribers by name. Linares Decl., ¶ 16.

## II. BACKGROUND

The Internet and P2P networks have spawned an illegal trade in copyrighted works. See MGM Studios Inc. v. Grokster, Ltd., 545 U.S. 913, 923 (U.S. 2005). By downloading P2P software, and logging onto a P2P network, an individual can upload (distribute) or download (copy), without authorization, countless copyrighted music and video files to or from any other P2P network user worldwide. See id. at 920 (detailing the process used by infringers to download copyrighted works); A&M Records, Inc. v. Napster, Inc., 239 F.3d 1004, 1014 (9th Cir. 2001) (stating that infringers use P2P networks to copy and distribute copyrighted works); Universal City Studios, Inc. v. Reimerdes, 111 F. Supp. 2d 294, 331 (S.D.N.Y.), aff'd sub nom., Universal City Studios, Inc. v. Corley, 273 F.3d 429 (2d Cir. 2001) (describing a viral system, in which the number of infringing copies made available multiplies rapidly as each user copying a file also becomes a distributor of that file). Until enjoined, Napster was the most notorious online media distribution system. Grokster, 545 U.S. at 924. Notwithstanding the Napster Court's decision, similar online media distribution systems emerged that have attempted to capitalize on the growing illegal market that Napster fostered. These include Ares, KaZaA, eDonkey, BitTorrent, DirectConnect, and Gnutella, among others. Linares Decl., ¶ 6. Despite the continued availability of such systems, there is no dispute that the uploading and downloading of copyrighted works without authorization is copyright infringement. Napster, 239 F.3d at 1014-15; In re Aimster Copyright Litig., 334 F.3d 643 (7th Cir. 2003), cert. denied, 124 S. Ct. 1069 (2004). Nonetheless, at any given moment, millions of people illegally use online media distribution systems to upload or download copyrighted material. Linares Decl., ¶ 6. More than 2.6 billion infringing music files are downloaded monthly. L. Grossman, *It's All Free*, Time, May 5, 2003, at 60-69.

The propagation of illegal digital copies over the Internet significantly harms copyright owners, and has had a particularly devastating impact on the music industry. Linares Decl., ¶ 9. The RIAA member companies lose significant revenues on an annual basis due to the millions of unauthorized downloads and uploads of well-known recordings that are distributed on P2P networks. Id. ¶ 9. Evidence shows that the main reason for the precipitous drop in revenues is that individuals

are downloading music illegally for free, rather than buying it. See In re Aimster Copyright Litig., 334 F.3d at 645.

### III. ARGUMENT

Courts, including this circuit, routinely allow discovery to identify "Doe" defendants. See Wakefield v. Thompson, 177 F.3d 1160, 1163 (9th Cir. 1999) (error to dismiss unnamed defendants given possibility that identity could be ascertained through discovery); Valentin v. Dinkins, 121 F.3d 72, 75-76 (2d Cir. 1997) (vacating dismissal; *pro se* plaintiff should have been permitted to conduct discovery to reveal identity of the defendant); Dean v. Barber, 951 F.2d 1210, 1215 (11th Cir. 1992) (error to deny the plaintiff's motion to join John Doe defendant where identity of John Doe could have been determined through discovery); Munz v. Parr, 758 F.2d 1254, 1257 (8th Cir. 1985) (error to dismiss claim merely because the defendant was unnamed; "Rather than dismissing the claim, the court should have ordered disclosure of the Officer Doe's identity"); Maclin v. Paulson, 627 F.2d 83, 87 (7th Cir. 1980) (where "party is ignorant of defendants' true identity . . . plaintiff should have been permitted to obtain their identity through limited discovery").

Indeed, in similar copyright infringement cases brought by Plaintiffs, and/or other record companies, against Doe defendants for infringing copyrights over P2P networks, many courts, including this Court, have granted Plaintiffs' motions for leave to take expedited discovery. See, e.g., Order, Maverick Recording Co. v. Does 1-4, Case No. C-04-1135 MMC (N.D. Cal. April 28, 2004); Order, Arista Records LLC v. Does 1-16, No. 07-1641 LKK EFB (E.D. Cal. Aug. 23, 2007); Order, Sony BMG Music Ent't v. Does 1-16, No. 07-cv-00581-BTM-AJB (S.D. Cal. Apr. 19, 2007); Order, UMG Recordings, Inc. v. Does 1-2, No. CV04-0960 (RSL) (W.D. Wash. May 14, 2004); Order, Loud Records, LLC v. Does 1-5, No. CV-04-0134-RHW (E.D. Wash. May 10, 2004); Order, London-Sire Records, Inc. v. Does 1-4, No. CV 04-1962 ABC (AJWx) (C.D. Cal. Apr. 2, 2004); Order, Interscope Records. v. Does 1-4, No. CV-04-131 TUC-JM (D. Ariz. Mar. 25, 2004) (true and correct copies of these Orders are attached hereto as Exhibit A). This Court should not depart from its well-reasoned decisions, or the well-reasoned decisions of other courts that have addressed this issue directly.

Courts allow parties to conduct expedited discovery in advance of a Rule 26(f) conference where the party establishes "good cause" for such discovery. See UMG Recordings, Inc., 2006 U.S. DIST. LEXIS 32821 (N.D. Cal. Mar. 6, 2000); Entertainment Tech. Corp. v. Walt Disney Imagineering, No. Civ. A. 03-3546, 2003 WL 22519440, at \*4 (E.D. Pa. Oct. 2, 2003) (applying a reasonableness standard); Semitool, Inc. v. Tokyo Electron Am., Inc., 208 F.R.D. 273, 275-76 (N.D. Cal. 2002); Yokohama Tire Corp. v. Dealers Tire Supply, Inc., 202 F.R.D. 612, 613-14 (D. Ariz. 2001) (applying a good cause standard); Energetics Sys. Corp. v. Advanced Cerametrics, No. 95-7956, 1996 U.S. Dist. LEXIS 2830, \*5-6 (E.D. Pa. March 8, 1996) (good cause standard satisfied where the moving party had asserted claims of infringement). Plaintiffs easily have met this standard.

First, good cause exists where, as here, the complaint alleges claims of infringement. See Interscope Records v. Does 1-14, No. 5:07-4107-RDR, 2007 U.S. Dist. LEXIS 73627, \*3 (D. Kan. Oct. 1, 2007) (citations omitted) ("Good cause can exist in cases involving claims of infringement and unfair competition"); Energetics Sys. Corp., 1996 U.S. Dist. LEXIS 2830 at \*5-6 (good cause standard satisfied where the moving party had asserted claims of infringement); see also Semitool, 208 F.R.D. at 276; Benham Jewelry Corp. v. Aron Basha Corp., No. 97 CIV 3841, 1997 WL 639037, at \*20 (S.D.N.Y. Oct. 14, 1997). This is not surprising, since such claims necessarily involve irreparable harm to the plaintiff. 4 Melville B. Nimmer & David Nimmer, Nimmer On Copyright § 14.06[A], at 14-103 (2003); see also Taylor Corp. v. Four Seasons Greetings, LLC, 315 F.3d 1034, 1042 (8th Cir. 2003); Health Ins. Ass'n of Am. v. Novelli, 211 F. Supp. 2d 23, 28 (D.D.C. 2002) ("A copyright holder [is] presumed to suffer irreparable harm as a matter of law when his right to the exclusive use of copyrighted material is invaded.") (quotations and citations omitted); ABKCO Music, Inc. v. Stellar Records, Inc., 96 F.3d 60, 66 (2d Cir. 1996).

Second, good cause exists here because there is very real danger the ISP will not long preserve the information that Plaintiffs seek. As discussed above, ISPs typically retain user activity logs containing the information sought for only a limited period of time before erasing the data. Linares Decl., ¶ 24. If that information is erased, Plaintiffs will have *no* ability to identify the

Defendant, and thus will be unable to pursue their lawsuit to protect their copyrighted works. Id. Where “physical evidence may be consumed or destroyed with the passage of time, thereby disadvantaging one or more parties to the litigation,” good cause for expedited discovery exists. Interscope Records, 2007 U.S. Dist. LEXIS 73627 at \*3 (citation omitted); see also Metal Bldg. Components, L.P. v. Caperton, CIV-04-1256 MV/DJS, 2004 U.S. Dist. LEXIS 28854, \*10-11 (D.N.M. April 2, 2004) (“Good cause is frequently found . . . when physical evidence may be consumed or destroyed with the passage of time, thereby disadvantaging one or more parties to the litigation.”) (citation omitted); Pod-Ners, LLC v. Northern Feed & Bean, 204 F.R.D. 675, 676 (D. Colo. 2002) (allowing the plaintiff expedited discovery to inspect “beans” in the defendant’s possession because the beans might no longer be available for inspection if discovery proceeded in the normal course).

Third, good cause exists because the narrowly tailored discovery requests do not exceed the minimum information required to advance this lawsuit and will not prejudice the Defendant. See Semitool, 208 F.R.D. at 276 (“Good cause may be found where the need for expedited discovery, in consideration of the administration of justice, outweighs the prejudice to the responding party.”). Plaintiffs seek immediate discovery to identify the Defendant; information that may be erased very soon. Plaintiffs (who continue to be harmed by Defendant’s copyright infringement, Linares Decl., ¶ 9), cannot wait until after the Rule 26(f) conference (ordinarily a prerequisite before propounding discovery) because there are no known defendants with whom to confer (and thus, no conference is possible). There is no prejudice to the Defendant because Plaintiffs merely seek information to identify the Defendant and to serve him or her, and Plaintiffs agree to use the information disclosed pursuant to their subpoenas only for the purpose of protecting their rights under the copyright laws. See Metal Bldg. Components, L.P., 2004 U.S. Dist. LEXIS 28854 at \*12 (where “the requested discovery is relevant and will be produced in the normal course of discovery,” the court was “unable to discern any prejudice or hardship to Defendant” if discovery is conducted “on an expedited basis.”).

Fourth, courts regularly grant expedited discovery where such discovery will “substantially contribute to moving th[e] case forward.” Semitool, 208 F.R.D. at 277. Here, the present lawsuit cannot proceed without the limited, immediate discovery Plaintiffs seek because there is no other information Plaintiffs can obtain about the Defendant without discovery from the ISP. As shown by the Declaration of Carlos Linares, Plaintiffs already have developed a substantial case on the merits against each infringer. Plaintiffs’ complaint alleges a *prima facie* claim for direct copyright infringement. Plaintiffs have alleged that they own and have registered the copyrights in the works at issue, and that the Defendant copied or distributed those copyrighted works without Plaintiffs’ authorization. See Complaint. These allegations state a claim of copyright infringement. Nimmer On Copyright § 31.01, at 31-3 to 31-7; Feist Publications, Inc. v. Rural Tel. Serv. Co., 499 U.S. 340, 361 (1991). In addition, Plaintiffs have copies of a sample of several of the sound recordings that the Defendant illegally distributed to the public and have evidence of every file that the Defendant illegally distributed to the public. See Complaint Ex. A; Linares Decl., ¶¶ 18-19. These more complete lists show hundreds of files, many of them sound recordings (MP3 files) that are owned by, or exclusively licensed to, Plaintiffs. See Linares Decl., ¶ 19. Plaintiffs believe that virtually all of the sound recordings have been downloaded and/or distributed to the public without permission or consent of the respective copyright holders. Id. Absent limited, immediate discovery, Plaintiffs will be unable to obtain redress for any of this infringement.

Finally, Plaintiffs request that the Court make clear that Cal. State - Monterey is authorized to respond to the subpoena pursuant to the Family Educational Rights and Privacy Act, 20 U.S.C. 1232g ( “FERPA”). Though FERPA generally prohibits disclosure of certain records by federally-funded educational institutions, it *expressly* provides that information can be disclosed pursuant to court order. See 20 U.S.C. § 1232g(b)(2)(B). While Plaintiffs do not believe FERPA prevents the disclosure of the information requested in the subpoena,<sup>4</sup> universities and colleges have expressed concern about their obligations under FERPA, and some have taken the position that a court order is

---

<sup>4</sup> Plaintiffs do not concede that FERPA prevents California State University, Monterey Bay, from disclosing the type of information being requested by Plaintiffs, but believe that a properly framed court order will make resolution of that issue unnecessary.

1 required before they will disclose subscriber information. Hence, Plaintiffs seek an appropriate  
2 order explicitly authorizing Cal. State - Monterey to comply with the subpoena under 20 U.S.C. §  
3 1232g(b)(2)(B).

4 If the Court grants this *Ex Parte* Application, Plaintiffs will serve a subpoena on Cal. State -  
5 Monterey requesting documents that identify the true name and other information about Defendant  
6 within 15 business days. Cal. State - Monterey then will be able to notify its subscriber that this  
7 information is being sought, and Defendant will be able to raise any objections before this Court in  
8 the form of a motion to quash prior to the return date of the subpoena. Thus, to the extent that  
9 Defendant wishes to object, he or she will be able to do so.

10 **IV. CONCLUSION**

11 For the foregoing reasons, the Court should grant the *Ex Parte* Application and enter an  
12 Order substantially in the form of the attached Proposed Order.

**~~[PROPOSED]~~ ORDER GRANTING  
PLAINTIFFS' MISCELLANEOUS  
ADMINISTRATIVE REQUEST FOR  
LEAVE TO TAKE IMMEDIATE  
DISCOVERY**

1           Upon the Miscellaneous Administrative Request of Plaintiffs For Leave To Take  
2 Immediate Discovery, the Declaration of Jonathan Whitehead and the exhibit thereto, Plaintiffs'  
3 Request for Judicial Notice, and the Declaration of Zuzana J. Svihra, it is hereby:

4           ORDERED that Plaintiffs may serve immediate discovery on the University of  
5 California, Berkeley to obtain the identity of each Doe Defendant by serving a Rule 45 subpoena  
6 that seeks information sufficient to identify each Doe Defendant, including the name, address,  
7 telephone number, e-mail address, and Media Access Control addresses for each Defendant.

8           IT IS FURTHER ORDERED THAT any information disclosed to Plaintiffs in  
9 response to the Rule 45 subpoena may be used by Plaintiffs solely for the purpose of protecting  
10 Plaintiffs' rights under the Copyright Act.

11           Without such discovery, Plaintiffs cannot identify the Doe Defendants, and thus  
12 cannot pursue their lawsuit to protect their copyrighted works from infringement.

CASE NO. 07-1641 LKK EFB

**ORDER GRANTING EX PARTE  
APPLICATION FOR LEAVE TO TAKE  
IMMEDIATE DISCOVERY**

1           Upon the Plaintiffs' *Ex Parte* Application for Leave to Take Immediate Discovery,  
2 the Declaration of Carlos Linares, and the accompanying Memorandum of Law, it is hereby  
3 ORDERED that Plaintiffs may serve immediate discovery on University of California, Davis to  
4 obtain the identity of each Doe Defendant by serving a Rule 45 subpoena that seeks documents that  
5 identify each Doe Defendant, including the name, current (and permanent) addresses and telephone  
6 numbers, e-mail addresses, and Media Access Control addresses for each Defendant.

7           Although parties must generally meet and confer prior to seeking expedited  
8 discovery, that requirement may be dispensed if good cause is shown. *See* Fed. R. Civ. P. 26(d);  
9 *Semitool, Inc. v. Tokyo Electron Am., Inc.*, 208 F.R.D. 273, 275-76 (N.D. Cal. 2002). Here, the  
10 plaintiffs have presented evidence that the subpoena is necessary to identify the defendants, serve  
11 them with the complaint and summons, and prosecute their claims of copyright infringement. *See*  
12 *Gillespie v. Civletti*, 629 F.2d 637, 642 (9th Cir. 1980) ("where the identity of alleged defendants  
13 will not be known prior to the filing of a complaint . . . the plaintiff should be given an opportunity  
14 through discovery to identify the unknown defendants, unless it is clear that discovery would not  
15 uncover the identities, or that the complaint would be dismissed on other grounds."). Plaintiffs have  
16 further averred that records kept by internet service providers ("ISP") such as the University of  
17 California, Davis, are regularly destroyed, sometimes on a daily or weekly basis. *See* Linares  
18 Declaration, at ¶ 24. Based on the foregoing, the court finds that plaintiffs have demonstrated good  
19 cause for the expedited discovery.

20           The disclosure of this information is ordered pursuant to 20 U.S.C. § 1232g(b)(2)(B).  
21 Consistent with that provision, if and when the University of California, Davis is served with a  
22 subpoena, it shall, within five business days, give written notice to the subscribers whose identities  
23 are to be disclosed in response to the subpoena. Such written notice may be achieved by messages  
24 sent via electronic mail. If the University of California, Davis, and/or any defendant wishes to move  
25 to quash the subpoena, they shall do so before the return date of the subpoena.

1 IT IS FURTHER ORDERED THAT any information disclosed to Plaintiffs in  
2 response to the Rule 45 subpoena may be used by Plaintiffs solely for the purpose of protecting  
3 Plaintiffs' rights under the Copyright Act.

Plaintiffs,

v.

DOES 1-5,

Defendants.

NO. CV-04-0134-RHW

**ORDER GRANTING PLAINTIFFS'  
MOTION FOR LEAVE TO TAKE  
IMMEDIATE DISCOVERY**

Before the Court is Plaintiffs' Motion for Leave to Take Immediate  
Discovery (Ct. Rec. 7). The Plaintiffs, members of the Recording Industry  
Association of America, Inc. ("RIAA"), have filed a complaint alleging that DOES

**ORDER GRANTING PLAINTIFFS' MOTION FOR LEAVE TO TAKE  
IMMEDIATE DISCOVERY \* 1**

1 1-5 illegally engaged in uploading and downloading copyrighted recordings  
2 through www.KaZaA.com, a peer to peer ("P2P") internet service (Ct. Rec. 1).  
3 While Plaintiffs are unable to identify the Does, they collected records of  
4 Defendants' Internet Protocol ("IP") address, the times the downloads or uploads  
5 took place, and information regarding the specific recordings that were  
6 downloaded or uploaded. The Plaintiffs were able to ascertain from Defendants'  
7 IP addresses that they were utilizing Gonzaga University as their Internet Service  
8 Provider ("ISP"). Plaintiffs seek statutory damages under 17 U.S.C. § 504(c),  
9 attorneys fees and costs pursuant to 17 U.S.C. § 505, and injunctive relief under  
10 17 U.S.C. §§ 502 and 503.

11 In their Motion for Leave to Take Immediate Discovery, the Plaintiffs seek  
12 leave to serve Gonzaga University, the ISP for Does 1-5, with a Rule 45 Subpoena  
13 Duces Tecum, requiring Gonzaga University to reveal the Defendant's names,  
14 addresses, email addresses, telephone number, and Media Access Control  
15 ("MAC") addresses.

16 The Ninth Circuit has held that "where the identity of alleged defendants  
17 will not be known prior to the filing of a complaint . . . the plaintiff should be  
18 given an opportunity through discovery to identify the unknown defendants,  
19 unless it is clear that discovery would not uncover the identities, or that the  
20 complaint would be dismissed on other grounds." *Gillespie v. Civiletti*, 629 F.2d  
21 637, 642 (9<sup>th</sup> Cir. 1980). Presumably, the discovery device anticipated by this  
22 ruling was Rule 45, under which a party may compel a nonparty to produce  
23 documents or other materials that could reveal the identities. *See Pennwalt Corp.*  
24 *v. Durand-Wayland, Inc.*, 708 F.2d 492 (9<sup>th</sup> Cir. 1983). The Court finds that this  
25 instance presents the very situation indicated by *Gillespie*. The Plaintiffs' case  
26 relies on the disclosure of the Does' identities, and those identities are likely  
27 discoverable from a third party.

28 Under Rule 26(d), Rule 45 subpoenas should not be served prior to a Rule

ORDER GRANTING PLAINTIFFS' MOTION FOR LEAVE TO TAKE  
IMMEDIATE DISCOVERY \* 2

1 26(f) conference unless the parties can show good cause. Fed. R. Civ. P. 26(d) ("a  
2 party may not seek discovery from any source before the parties have conferred as  
3 required by Rule 26(f) . . . [u]nless the court upon motion . . . orders  
4 otherwise"); see *Semitool, Inc. V. Tokyo Electron Am., Inc.*, 208 F.R.D. 273, 275-  
5 76 (N.D. Cal. 2002). The Plaintiffs have presented compelling evidence that the  
6 records kept by ISP providers of IP addresses are regularly destroyed. Thus, good  
7 cause has been shown.

8 Accordingly, **IT IS ORDERED** that:

9 1. Plaintiffs' Motion for Leave to Take Immediate Discovery (Ct. Rec.  
10 7) is **GRANTED**.

11 2. Plaintiffs are **GIVEN LEAVE** to serve immediate discovery on  
12 Gonzaga University to obtain the identity of each Doe Defendant by serving a  
13 Rule 45 subpoena duces tecum that seeks each Doe Defendants' name, address,  
14 telephone number, email address, and Media Access Control address. As agreed  
15 by Plaintiffs, this information disclosed will be used solely for the purpose of  
16 protecting their rights under the copyright laws.

17 3. Plaintiffs are **ORDERED** to review Local Rule 7.1(g)(2) regarding the  
18 citation of unpublished decisions. All unpublished decisions cited to the Court  
19 have been disregarded.

20 **IT IS SO ORDERED.** The District Court Executive is hereby directed to  
21 enter this order and to furnish copies to counsel of record.

22 DATED this 10 day of May, 2004.

**ORDER REGARDING PLAINTIFFS' EX PARTE APPLICATION FOR LEAVE TO  
TAKE IMMEDIATE DISCOVERY**

Plaintiffs are thirteen record companies who have filed a lawsuit against four unnamed "doe" defendants for alleged copyright infringement. Plaintiffs filed a motion for leave to take immediate discovery on March 23, 2004. [Notice of Ex Parte Application for Leave to Take Immediate Discovery ("Notice") filed March 23, 2004]. Plaintiffs allege that defendants, using an online peer-to-peer ("P2P") media distribution system, made available for distribution, and in fact distributed, copyrighted songs without license or other authority to do so, thereby infringing plaintiffs' copyrights. [See Memorandum of Law in Support of Ex Parte Application For Leave to Take Immediate Discovery ("Memorandum") filed March 23, 2004, at 2]. Plaintiffs have acquired the Internet Protocol ("IP") addresses assigned to each of the four defendants on the dates and times of the infringing activity. [Memorandum 2]. Using a public database, plaintiffs determined that the subject IP addresses belong to the University of Southern California ("USC"). [Memorandum 2-3]. As an Internet Service Provider ("ISP"), USC maintains a subscriber activity log indicating which of its subscribers were assigned the IP addresses in question on the relevant dates and times. [Memorandum 3]. In plaintiffs' experience, most ISPs maintain subscriber activity logs for only a short period of time before destroying the information contained in the logs. [Memorandum 3]. From the subscriber logs, USC can use the IP addresses and temporal information provided by plaintiffs to identify the true names, street addresses, phone numbers, e-mail addresses, and Media Access Control ("MAC") addresses for each defendant. [Memorandum 3]. Plaintiffs ask this Court to allow immediate issuance of a subpoena directing USC to produce defendants' names and the other personal information described above so that plaintiffs may contact defendants in an attempt to negotiate a resolution to plaintiffs' claims, or failing that, to add defendants as named parties to this litigation.

Received 04/02/2004 04:23 PM in 01:28 from 213 894 1815 to on line [7] for FAX3 \* Pg 3/3

003

UNITED STATES DISTRICT COURT  
CENTRAL DISTRICT OF CALIFORNIA

CIVIL MINUTES--GENERAL

Generally, parties must meet and confer prior to seeking expedited discovery. See Fed. R. Civ. P. 26(f). That requirement, however, may be dispensed with if good cause is shown. See Semitool, Inc. v. Tokyo Electron Am., Inc., 208 F.R.D. 273, 275-76 (N.D. Cal. 2002). Plaintiffs have shown good cause. The true identities of defendants are unknown to plaintiffs, and this litigation cannot proceed without discovery of defendants' true identities. [See Memorandum 7-9].

Subject to the following qualifications, plaintiffs' ex parte application for leave to take immediate discovery is granted.

If USC wishes to file a motion to quash the subpoena or to serve objections, it must do so before the return date of the subpoena, which shall be no less than twenty-one (21) days from the date of service of the subpoena. Among other things, USC may use this time to notify the subscribers in question.

USC shall preserve any subpoenaed information or materials pending compliance with the subpoena or resolution of any timely objection or motion to quash.

Plaintiffs must serve a copy of this order on USC when they serve the subpoena.

Any information disclosed to plaintiffs in response to the Rule 45 subpoena must be used by plaintiffs solely for the purpose of protecting plaintiffs' rights under the Copyright Act as set forth in the complaint.

IT IS SO ORDERED.
